4. That Council notes the submission from Ms Toni Tapp Coutts - Executive Officer of Katherine Regional Arts and determines to use one of the suggested options noted above.
5. Mr Greg Dowling – Resident of Katherine and determines to use either of the suggested options noted above.
6. Ms Kerryn Taylor – Resident of Katherine and determines to use either of the suggested options noted above.

## **MUNICIPAL PLAN**

That Council adopts the Municipal Plan 1 July 2012 to 30 June 2017 including the 2012/2013 Budget, 10 Year Financial Plan, Revenue Policy and Fees and Charges subject to the submissions and amendments determined above.

### **Submission 1**

Alderman Clark noted that it is difficult for Council to fund and support a facility owned by the Northern Territory Government and that the funding received is conditional on Katherine Town Council providing additional financial and in-kind support.

Alderman Rose supports option number two.

Alderman Phillips noted that he would prefer option number four but noted that option number two would provide a better outcome. Alderman Phillips also noted that the Northern Territory Government should be providing more financial support.

Alderman Higgins would prefer option four but noted that the Northern Territory Government was underhanded in inserting the clause that affects a third party without consultation.

Alderman Ganley noted that the Cultural Precinct is of importance and that it is a shame that the Northern Territory Government could withhold financial support without the clause for additional financial and in-kind support from Katherine Town Council. Alderman Ganley supports option number two with an amendment to include information pertaining to other Cultural Precincts in the Northern Territory and the government funding that they receive.

Mayor commented on the fact that she is a Board Member of the Katherine Regional Cultural Precinct Interim Board of Management and had attended two meetings since taking on the role and the clause in the funding agreement had not been put to the Board. Katherine Town Council was also not consulted on this clause. The Mayor noted her support of the Cultural Precinct but noted that there seems to have been a massive breakdown in communication.

**MOVED:** Ganley / Higgins

That Katherine Town Council propose to hold discussions with the Katherine Regional Cultural Precinct to determine where alternative funds might be sourced from and to provide additional information pertaining to the other Northern Territory Cultural Precincts and their current government funding.

**CARRIED:** 6 / 0

### **Submission 2**

**MOVED:** Rose / Phillips

Katherine Town Council to organise a meeting between Katherine Museum representatives and Council to clarify and confirm Council's commitment to the construction of the Welcome Area and housing of the Clyde Fenton Gypsy Moth.

**CARRIED:** 6 / 0

### Submission 3

MOVED: Higgins / Clark

Katherine Town Council to organise a meeting between the Historical Society of Katherine representatives and Council to clarify and confirm Council's commitment to the construction of the Welcome Area and housing of the Clyde Fenton Gypsy Moth.

CARRIED: 6 / 0

### Submission 4

MOVED: Rose / Phillips

Katherine Town Council proposes to hold discussions with the Katherine Regional Arts to determine where alternative funds might be sourced from.

CARRIED: 6 / 0

### Submission 5

Alderman Phillips sought clarification of the current status of the toilet facilities at the Old Youth Club in Second Street. The Works Manager advised that the toilet facilities were in a reasonable condition.

Alderman Higgins noted that the toilet facilities did not currently provide adequate disabled access nor did the submission include discussion with current users or note which youth based organisations would be involved.

Alderman Ganley noted that the YMCA is currently investigating a youth friendly space within the municipality and suggested that Mr Greg Dowling discuss his concept with them.

MOVED: Rose / Phillips

All users of the Old Youth Club in Second Street be required to apply using the standard provisions of Council's Fees and Charges Structure.

CARRIED: 6 / 0

### Submission 6

MOVED: Higgins / Clark

That the following responses were made with regard to the comments received from Ms Taylor:

Point 1 - Katherine Town Council can provide the more detailed budget papers that include expenditure detail with yearly comparisons to any members of the public who requests them, however has chosen not to as this has proven to be too confusing for many people in the past.

Points 2 and 5 – Perceptions of disparity between funding allocations to the sporting facilities and reallocate funding to art and cultural facilities is a matter that Council is aware of and considers in its deliberations.

Point 3 – Katherine Museum is included in Council’s infrastructure.

Point 4 – Council will include the budget contribution for the construction of the Welcome Area and housing of the Clyde Fenton Gypsy Moth in more detail in the Municipal Plan.

Point 6 - An increase in the Elected Member Allowances & Expenses was overdue and remains well within the statutory standards set by government for these payments.

Point 7 – An explanation on the increase in rate revenue is found in the financial provisions of the budget, and is consistent with meeting community expectations on outcomes of the Municipal Plan.

Point 8 – An explanation on the reasoning behind the amount allocated for financially supporting the Godinymayin Yijard Rivers Arts and Cultural Centre was the subject of a separate submission, however the determination was consistent with previous forward estimates. The Cultural Centre is wholly owned and operated by the Northern Territory Government. Financial subsidy from Council is a direct impost on ratepayers and needs to be carefully considered.

Point 9 - An increase in the cost of replacing the Mayoral vehicle recognizes both the cost replacement disparity associated with exceeding retention periods for vehicles, and a need to vary plant to reflect “fit for purpose” vehicles that have a better resale retention capability.
