2. The Opportunity

2.1. Katherine Town Council

- Katherine Town is located at the heart of the 340,000km² Big Rivers Region. The Big Rivers Region consists of many rivers, with our town on the banks of the Katherine River.
- We are the fourth largest town in the Northern Territory and a thriving regional centre for service delivery. The local government area of Katherine has a population of around 10,000 with 25.5% of residents identifying as Aboriginal and/or Torres Strait Islander. Council services four communities: Rockhole, Miali Brumby (Kalano), Binjari, and Geyulkgan (Walpiri camp).
- We are also a hub for the surrounding region, so our strategic priorities have been developed on the basis that the town and our Council provides services to over 25,000 people.
- Katherine is often called the crossroads of the north as we're found on the junction of the Stuart and Victoria Highways, connecting Australia from north to south and east to west, making us a vital through point for travellers, industry and local communities.
- The region is abundant in natural resources, its vast land mass and unique landscape driving agriculture, energy, resources and tourism.
- Our location is critical to Australia's northern Defence capacity and a significant part of Australia's Defence strategy. Katherine already has a large Defence population, and this is expected to grow with the expansion of the Royal Australian Air Force (RAAF) airbase at Tindal, which is inside Katherine's local government area.
- Finally, we are a must-see tourist destination for our natural wonders. We boast major attractions including thermal hot springs right in town and we're a short 20-minute drive from the renowned Nitmiluk National Park with its ancient Katherine Gorge. Plus, we offer a variety of food, culture, arts and sport within our town. With growing investment in the region, there is plenty to get excited about here in Katherine.
- Katherine Town Council (Council) is seeking the services specified in Part B - Specification
- Suitably qualified Tenderers with proven capability, capacity, and sound financial and technical background to deliver the Specification outlined in this Invitation to Tender are invited to participate in this Invitation to Tender process.
